

AMERICAN SOCIETY OF
SAFETY PROFESSIONALS

New York City Chapter

Working together for a safer, stronger future.

ASSP NYC Chapter Values:

The ASSP NYC Chapter Community works hard everyday to provide accessible, face-to-face opportunities for ASSP members to network, gain added technical information from credible subject matter experts and enhance their skillsets as safety professionals.

About ASSP:

ASSP is a global association for occupational safety and health professionals. For more than 100 years, we have provided education, standards development, advocacy and a professional community to support the advancement of our members and the profession as a whole. Our members are dedicated to creating safe work environments by preventing workplace fatalities, injuries and illnesses. Sound safety practices are both socially responsible and good business, leading to increased productivity, a better reputation and higher employee satisfaction.

ARE YOU IN COMPLIANCE WITH THE NEW LOCAL LAW 196?

Presentation by: **SITE SAFETY LLC**

PRESENTERS

- **Andrey Vishev**, *Vice President*
- **Gregory Chillino**, *General Counsel*
- **Michael Carbone**, *Operations Manager*
- **Maria Diaz**, *Director of Training*
- **Omar A. Jackson**, *ASSP NYC Chapter President*

AGENDA

- **December 1ST Deadline**
- **September 2020 Deadline**
- **Workers Vs. Supervisors**
- **Course Equivalents**
- **SST cards**
- **Renewal / Refresher**
- **Online Training Cards**
- **SST Request Form**

Local Law 196

What is Local Law 196 of 2017?

- All workers at active construction sites must receive 40 hours of safety training
- All Supervisors at active construction sites must receive 62 hours of safety training.

Local Law 196

Who must be trained?

- Construction Superintendent
- Site Safety Coordinator
- Site Safety Manager
- Competent Persons
- All workers at jobsites that require a Site Safety Professional

Local Law 196

SiteSafety®
Plan Today, Safe Tomorrow.®

Who must be trained?

Competent Persons as defined by DOB

- Responsible for tasks that must be completed by a competent person as required by Chapter 33 of the New York City Building Code
- **Except** that workers serving as a
 - *competent watchperson*
 - *competent operator for power buggies*
 - *competent qualified operator of personnel hoists*

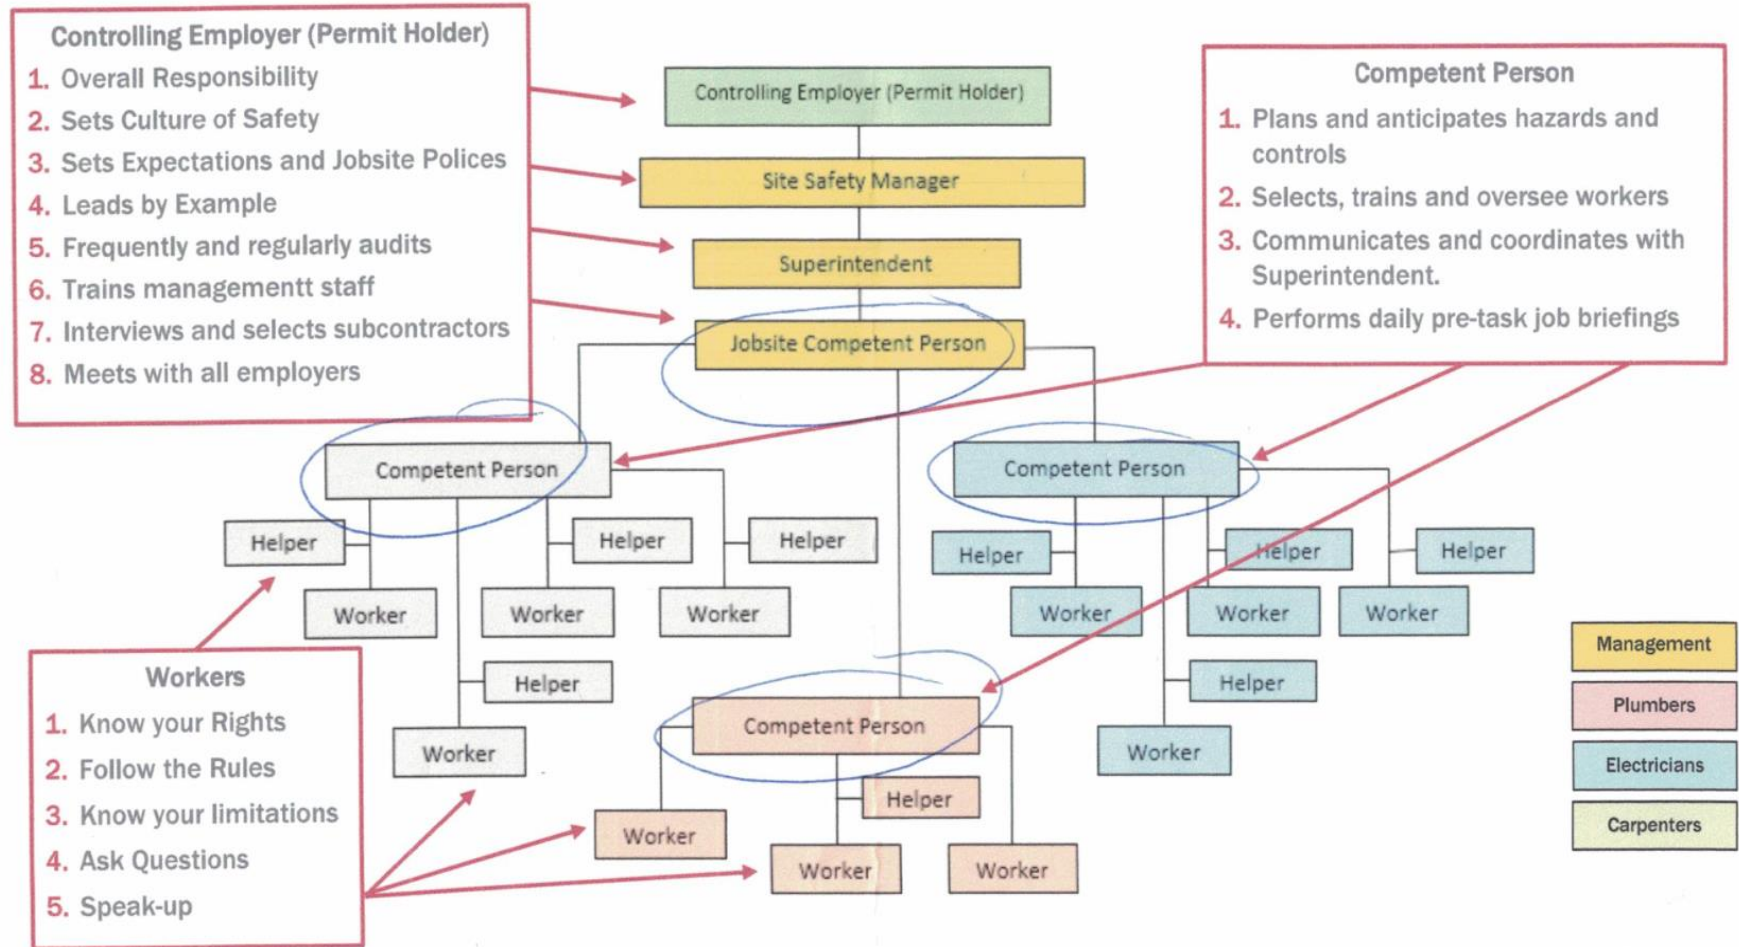

Local Law 196

Online OSHA vs. In Person OSHA Training

In person training

Online training

Online OSHA Vs. In person OSHA training

ONLINE TRAINING ACCEPTED
WITH LETTER

ONLINE TRAINING

Online training received before October 16, 2017 will be accepted. After the October 16 date, only in-person training and actively proctored online training will be accepted. Actively proctored online training consists of:

- online training taken in a classroom with a proctor; or
- online training that at a minimum requires the individual receiving the training to:
 - Attest that they are the individual that received the training and the training was received without assistance; and
 - Have their participation monitored at random times to ensure the individual receiving the training is present for the entirety of the training.

Individuals presenting Certificates of Completions or other documentation as proof of their online training should also be required to sign a document attesting to having completed the training on their own and according to the law. Below is sample language that may be incorporated:

Sample attestation language for online training:

I, (applicant), hereby attest that on (fill in date), I completed an online site safety training course in accordance to the requirements of the Administrative Code, the Rules of the City of New York, rules, regulations, policies, procedure notices and directives issued by the New York City Department of Buildings. I further attest that I completed the training without assistance.

I, (applicant), do hereby further attest that the information provided on this application is true, accurate and correct to the best of my knowledge.

In addition, I agree to comply with the terms and conditions [COURSE PROVIDER INSERT ITS OWN TERMS & CONDITIONS].

FEES

Course Providers are permitted to collect a fee to cover the cost of the card issuance.

**SITE SAFETY
TRAINING DEADLINE**

Important Dates to Remember

December 1, 2019

- Workers will need a minimum of 30 hours of training.
- Supervisors will need 62 hours of training and Site Safety Training (SST) Supervisor card.

September 1, 2020

- Workers will need 40 hours of training and Site Safety Training (SST) Card.

SiteSafety
Plan Today, Safe Tomorrow®

SITE SAFETY TRAINING DEADLINE (SST)

December 1, 2019 – **Workers** (30 hours of training)

OPTION 1

Limited Site Safety Training Card - OSHA 30-Hour Card

Training/Course	Hours
30-Hour OSHA	30
Total Hours: 30	

OPTION 2

Limited Site Safety Training Card - OSHA 10-Hour Card

Training/Course	Hours
10-Hour OSHA	10
8-Hour Fall Prevention	8
8-Hour Site Safety Manager Refresher/Chapter 33, or; 4 hours General Electives and; 4 hours of Specialized Electives	8
4-Hour Supported Scaffold	4
Total Hours: 30	

SITE SAFETY TRAINING DEADLINE (SST)

September 1, 2020 - **Workers** (40 hours of training)

OPTION 1

Site Safety Training Card - OSHA 30-Hour Card

Training/Course	Hours
30-Hour OSHA	30
8-Hour Fall Prevention	8
2-Hour Drug and Alcohol Awareness	2
Total Hours: 40	

OPTION 2

Workers with a valid OSHA 10-Hour Card

Training/Course	Hours
10-Hour OSHA	10
8-Hour Fall Prevention	8
8-Hour Site Safety Manager Refresher/Chapter 33	8
4-Hour Supported Scaffold	4
2-Hour Drug and Alcohol Awareness	2
General Electives	4
Special Electives	4
Total Hours: 40	

SITE SAFETY TRAINING DEADLINE (SST)

September 1, 2020 - Workers (40 hours of training)

- Fall Protection is not required until September 2020
- DOB refuses to make it required now
- DOB should enforce it now before any worker tragedy!

Site Safety Training Card - OSHA 30-Hour Card

Training/Course	Hours
30-Hour OSHA	30
8-Hour Fall Prevention ←	8
2-Hour Drug and Alcohol Awareness	2
Total Hours:	40

Plan Today, Safe Tomorrow®

OSHA 10/30 - Will no longer expire after 5 years

Worker SST cards expire after five years. 8 Hour training required:

- 4-Hour Fall Prevention
- 4-Hour Supported Scaffold User

Supervisor SST cards also expire after five years. 16 Hour training required:

- 8 Hours Fall Prevention
- 4 Hours Support Scaffold
- 2 Hours Tool-Box Talks (TBTs)
- 2 Hours Pre-Task Safety Meetings

CARD ISSUANCE

SiteSafety
Plan Today, Safe Tomorrow.®

- Only issued by an approved course provider (Site Safety, LLC)
- Course Provider ID – SST Card ID Number: 4M60

- Beginning April 2018, permit holders will be required to maintain a daily log that identifies each construction or demolition worker and supervisor (including construction superintendents, site safety coordinators, site safety managers, concrete safety managers or competent persons) on the construction site and their proof of training

BC 3321.2 requires permit holders to maintain a daily log of all workers on site and proof that they have received the required site safety training. Use this log form to list the names of all workers on site and information about their training. This form and copies of training cards for all workers must be kept on site and made available to the Department of Buildings upon request.

[illegible]

- Permit holders must also maintain a copy of each worker's site safety training (SST) card, SST supervisor card, limited SST card, temporary SST card, or OSHA 10 or 30 card.
- Failure to maintain the daily log and/or a copy of each worker's SST or OSHA card, or to produce the log upon request by the Department, may result in a fine of at least \$2,500.

BC 3321.2 requires permit holders to maintain a daily log of all workers on site and proof that they have received the required site safety training. Use this log form to list the names of all workers on site and information about their training. This form and copies of training cards for all workers must be kept on site and made available to the Department of Buildings upon request.

[illegible]

SERVICE NOTICE

New Requirement: Site Safety Training Information Signs at Construction Sites

Beginning October 15, 2019, general contractors must post worker safety information signs at construction sites where site safety training is required.

The signs must:

- contain specific information about required worker safety training, including all site safety training deadlines and the number of required training hours, and the information must
- be in all the languages used by workers to communicate at the construction site. In addition, the signs must
- be clearly visible to workers and must be posted at the construction site as follows:
 - **Sites with construction fencing** must post a sign at each egress point on the inside of the construction fencing, including vehicle delivery fence gates and existing loading docks.
 - **Sites without construction fencing** must post a sign at each egress point within the controlled access zone where construction is taking place and at each existing loading dock or location being used for construction delivery or access.

To comply with the new requirements, the posted sign must:

- be 44 inches wide and 30 inches high;
- have letters at least 1 inch (25 mm) high;
- have white letters on a blue background; and
- be made of a durable and weatherproof material such as vinyl, plastic, or aluminum that is flame retardant.

The Department has created a [template](#) of the worker safety information sign that complies with this new requirement. The template is available for download in multiple languages on the Department's [website](#).

NOTE: 1 RCNY §3301-03 will be published in the City Record October 15, 2019 and will be effective immediately.

POST UNTIL: December 31, 2019

NYCDOB ENFORCEMENT

- Permit applicants will be required to certify to the Department that workers who will be working under the permit will have the requisite training.
- If the Department discovers that workers at a construction site are untrained, the Department will issue a violation with civil penalties that go as high as \$5,000 per untrained worker to the owner of the site, the permit holder and the employer of the untrained worker. These civil penalties can be mitigated if an employer sponsors training for such untrained worker.
- If the Department discovers that a permit holder has failed to maintain a log that demonstrated that all of the workers at a site are trained, the Department will issue a violation with a civil penalty of \$2,500.
- The Department will also conduct unannounced inspections at sites where untrained workers have been discovered.
